ANYA | Misty Mint

Spring / Summer 2026

A celebration of Scandinavian playfulness, graphic clarity, and Swedish craftsmanship.

Pappelina proudly presents its Spring/Summer 2026 collection — a vibrant meeting between traditional Swedish weaving and contemporary design expression. Crafted in the heart of Dalarna, this season's rugs capture the spirit of Scandinavian heritage deeply rooted in craftsmanship.

Pappelina introduces ANYA, a floral tribute to Swedish Midsummer. Each blossom is anchored by a signature Pappelina dot. Familiar yet modern, ANYA transforms a beloved cultural tradition into a crisp, graphic pattern.

TOM introduces a different kind of summer mood, one shaped by Palm Beach's decorative ironwork and the effortless glamour of the 1950s. Clean lines and a mid-century color palette blend nostalgia with contemporary clarity, creating a rug that brings harmony and character to any room.

With LEA, Scandinavian minimalism takes center stage. Calm, refined, and thoughtfully balanced, LEA is designed for harmonious interiors. Its subtle playfulness emerges in delicate color stripes, such as a soft mint woven into an otherwise sharp expression forming a modern homage to Swedish craft heritage.

This season also welcomes a joyful burst of color with a new vibrant MOLLY colorway, infusing warmth and energy into children's rooms, hallways, outdoor spaces, and any room in need of playful spirit.

MONO steps into summer with a new shade of yellow, adding a fresh and deep colorway to one of our most beloved rugs.

Together, these designs celebrate the essence of Pappelina: bold yet timeless patterns with a Scandinavian touch and craftsmanship, made to add color and character to every home.

Graphic elegance with mid-century influences

TOM is influenced by the decorative ironwork and architectural details found in Palm Beach, as well as the laid-back glamour of the 1950s.

With clean graphic lines and a color palette rooted in mid-century modern design, TOM infuses the home with harmony and character, where a sense of nostalgia meets contemporary simplicity.

ANYA

A floral homage to Swedish Midsummer

ANYA draws inspiration from the wildflowers gathered on Swedish Midsummer's eve, a symbol of the season's simplicity and joy. At the center of the flower pattern sits a characteristic dot, a shape that has become iconic to Pappelina. The circle is a technical achievement few weaving mills have the ability to make with this level of precision. The result is a pattern that feels fresh yet familiar, a modern, graphic take on a beloved cultural moment.

10 REASONS TO CHOOSE A PAPPELINA RUG

Since 1999, we've been proudly weaving our rugs in Sweden, a process that blends traditional techniques with modern design thinking. Our mission has always been the same: to create timeless, sustainable products that bring colour, warmth, and joy into everyday life.

At Pappelina, we believe in honest materials, local production, and the power of design to make a home feel truly personal. It's about more than craftsmanship and quality, it's about creating strong, playful designs that stand the test of time and add character to every home and space.

MADE IN SWEDEN

Everything we do, we do in Sweden. From the material, the design, the weaving, the logistics and the distribution. In fact, all our rugs are totally Swedish.

ALLERGY FRIENDLY

Non-absorbent hygienic rug that does not hold dust, making it ideal for people with allergies and asthma as well as environments where cleanliness is of great importance (not applicable to linen rugs).

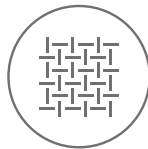

GREAT MATERIAL

We only ever use certificated phthalate and toxic free PVC material manufactured in Sweden, fully approved by REACH®.

WATER RESISTANT

A Pappelina rug is water resistant and will dry within 60 minutes, which means it's perfect for any room! Kitchens, hallways, entrances, office spaces, bathrooms, kids' rooms and outdoor spaces.

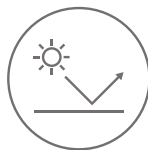

GENUINE CRAFTSMANSHIP

Our rugs are produced at our local weaving mill in Leksand, Dalarna. Every rug we produce represents a piece of genuine craftsmanship, made by using the highest quality materials by devoted artisans.

LONG-LASTING

When buying a Pappelina rug it will last a lifetime providing our recommended care instructions are followed. It is truly a longlived product and design, not something you use and discard. We are proud and confident to offer a 3-year warranty on all our rugs.

UV RESISTANT

A Pappelina rug has an extremely high sun and UV resistance. Our rugs have been tested for colour fastness according to the international standardization ISO 105-A05 with the result of a 4 in a scale of 1 to 5, where 5 is the highest score.

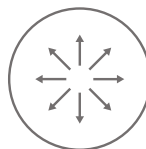

NON-TOXIC

Our plastic rugs contain no hazardous substances such as phthalates or heavy metals. The PVC we use is approved for and used in the food industry and in toys production within both the EU and the US.

EASY TO CLEAN

Hand or machine wash cold, at 30°C/85F, or just simply rinse with water or clean with a damp cloth. Our rugs are also extremely easy to vacuum, mop or even to clean outside with a regular or high-pressure hose. PVC is a totally colour fast material which will not fade when washing or cleaning the rugs even when using detergents.

SUPER FUNCTIONAL

The use of a Pappelina rug has no limits! It's decorative, non-slip, soft, reversible, indoor and outdoor compliant giving excellent grip on hard surfaces as well as being perfect on heated floors. With the wide range to choose from you will have no problem finding a rug for your purpose.
